Hotel star ratings vary by country, and individual expectations may differ.
Please review each hotel's official website for details of its facilities, services and accommodation before booking.

IMPORTANT TRAVEL NOTE

Japanese hotel rooms are generally more compact compared to international room standards. To ensure a more comfortable and spacious stay, we recommend opting for **double occupancy rather than triple occupancy**, wherever possible.

For a seamless and comfortable journey, especially while travelling by coach and bullet train, we also recommend travelling with light luggage — **ideally one bag per person.**

This will allow you to enjoy your Japan experience with greater ease, comfort and convenience throughout the journey.
